EXECUTIVE SUMMARY

Respected Sir,

At the outset, warm greetings from me and the entire management team of AVV Aspire Solutions. We will cherish the fact that you have evinced interest in our service offerings and assure you of our best work at NHC, Bangalore for all students that we are given the responsibility for. This short-term training proposal for students of NHC aims to fulfill your vision of making NHC one of the best colleges, in the entire state of Karnataka.

It is 13 years since we started operations and we have executed several programs with excellent feedback from many premier institutes. It is such excellent feedback that provides us with more chances at NHC and in other premier colleges. Our flagship program for NHC students is known as 'CREAM – Campus Recruitment Excellence Achievement Modules'. Our CREAM program would see us assist you with the transformation of engineering & management students keeping their placements in mind. The long-term support you want to provide to the students to make them industry ready is really heartening. We have incorporated your specifications from our conversations and incorporated sessions to suit the needs of your students. We have tried to make this proposal in as much detail as possible to enable a very thorough evaluation from you and your nominated persons.

In addition to this, our refresher material will aid in continuous implementation of the actual training and carry forward of essential concepts. Apart from regular class work and material, students also get take home material in the form of concepts refresher, exercises and full mock tests for a complete training and transformative experience. We are grateful for your interest in our services and assure you of our best efforts in our engagement with NHC. The management team personally assures you of living up to your expectations.

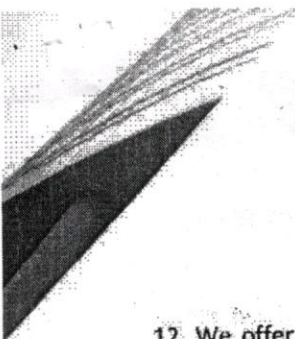

Respectfully,
VM Gayakwad
