## **Brief description of the event:**

The Management Club arranged an interactive event on October 25<sup>th</sup> 2024, which included two rounds for couples to participate in.

During the first round, couples will participate in an activity in which one member wears a headset with music for three minutes while the other provides clues to help them guess the name of a product or other specified items. Three pairs have advanced to the final round. The host will pose brain teaser questions to the participants in this round. Each pair will have the opportunity to answer these questions. The pair that answers the most questions correctly will be declared the winner.

The event concluded with the determination of the winners, who were declared based on their ability to answer the most questions correctly in the final round. This event fostered teamwork among couples and provided an enjoyable experience filled with challenges and fun.

Overall, the event was a great success, highlighting the Management Club's commitment to organizing engaging and innovative activities for its members.
