INTRODUCTION:

The Management Club organized an interactive session on OCTOBER 21ST, 2024, involving representatives from ISDC Institution and the students.

The International Skill Development Corporation (ISDC) was founded as a private company under the Companies Act of England and Wales in 2006. It operates globally and focuses on various education initiatives, including skill development, professional and vocational education, corporate training, and consulting services. The organization aims to enhance employability by offering industry-relevant programs and collaborating with universities worldwide to meet evolving market demands.

The event aimed to provide valuable guidance to third-year students pursuing BBA and BCA, assisting them in making informed decisions about their future career paths. They shared insights into the current trends and opportunities in the field, shedding light on potential career paths for students in business administration and computer applications. The event comprised interactive sessions where students could ask questions, seek advice, and engage in meaningful conversations.

In conclusion, ISDC Education is a trusted leader in international education services, empowering students to achieve their full potential. With a 95%+ student satisfaction rate, ISDC will expand its global presence, enhance digital services, and strengthen university partnerships. As a pioneer in international education, the success of the ISDC seminar event was made possible by the collaborative efforts of the Management Club, the representatives from ISDC *SEMINAR*, and the active participation of the third-year BBA and BCA students. The commitment of all involved parties contributed to the event's effectiveness in delivering valuable insights.
