Samanvitha, the Cultural Extravaganza of New Horizon College, Marathahalli, is known for showcasing the brightness and intellectuality of each of the clubs present in our college. The different clubs of New Horizon are photography, literature, music, alumni, adventure, fashion, dance, eco, commerce, media, IT, management, drama, creativity and outreach. These clubs were introduced to the freshers' batch of 2024-27. The music club, dance club and drama club performances were a sight to watch and emotions to be felt. The other NHSAC members helped make the event a successful one with teamwork. The club heads, sub-heads and board members spoke about their respective clubs and showcased their flags.

The audience was excited to learn about the different clubs their names were assigned to and what the respective clubs do. This made the freshers much more interested in joining the various clubs of NHCM. The event ended with a strong NHSAC formation that was powerful yet disciplined.
