Brief Description of the Event

On 3rd November 2025, the Navarasa Drama Club conducted a Drama Workshop. A drama workshop is an engaging and creative session designed to help participants explore the world of theatre and performance. Through activities like role play, improvisation, voice modulation, and body movement, participants learned to express emotions, build confidence, and enhance communication skills. It encouraged teamwork, imagination, and self-awareness while providing a safe space to experiment and discover one's artistic potential. Whether for beginners or experienced performers, the workshop served as a fun and inspiring platform to connect, create, and grow through the art of acting.
